PROFESSIONAL EXPERIENCE

RizeMaps **June 2021 - Present**
Founder Chattanooga, TN

- Founded and scaled a direct-to-consumer 3D-printed prop business to $135k lifetime revenue, 3500+ orders, and 1000+ reviews.
- Developed and executed a multichannel go-to-market strategy across Shopify, Etsy, and eBay, optimizing SEO and conversion while scaling production operations across a 12-printer system and designing repeatable workflows, driving $500/day in peak seasons.
- Executed rapid business pivot after Etsy policy change eliminated core revenue stream; conducted market analysis to identify opportunity in premium motorsports decor; rebuilt product portfolio (40 removed, 35 launched); generated $10K+ in 3 months.
- Drove data-informed growth strategy, generating 3M+ views and 13K+ followers through targeted social media optimization.

Momnt **October 2025 - Present**
Co-Founder Durham, NC

- Built and launched an electronic wearable wristband to reduce screen time; coordinated manufacturing of 600 units with overseas suppliers and iterated via campus pilot; generated $15K+ in revenue/funding with 200 testers, reducing screen time by 2+ hours daily.
- Identified gap in screen-time solutions through 200+ user interviews and market analysis, uncovering lack of physical enforcement and low retention; built an NFC-enabled wearable and iOS app leveraging a time bank mechanism to drive habit formation.

Swoop Tutors **August 2025 - January 2026**
Intern Durham, NC

- Led outbound business development on a 4-person team; executed 5,000+ cold emails to source new clients; ran team meetings.
- Built the company's first CRM and outbound engine from scratch after identifying the absence of any lead list, pipeline tracking, or structured outreach process; used Clay, Excel, and Cursor to automate warm Duke-network outreach workflows.

DukeEngage Uganda **June - August 2025**
Project Manager Kampala, Uganda

- Designed, built, and distributed a low-cost medical device to detect nasal cannula displacement, automating neonatal monitoring in Ugandan hospitals serving 250K+ neonates annually; eliminated manual checks, which saved nurses over two hours per day.
- Led a team of 4 over an 8-week engineering program to address severe understaffing (1:11,000 nurse-to-patient ratio).

Dignity Properties **July - August 2024**
Independent Deal Execution Ooltewah, TN

- Sourced, underwrote, and executed a residential real estate investment using personal capital, structuring an owner-financed deal and leading all end-to-end buyer/seller negotiations; generated $600/month recurring cash flow and $70K+ in projected equity upside.
